Dear Parent/Guardian

Remote Learning

We know we find ourselves in an unusual situation, where the Government has asked that the majority of children stay at home to learn, unless they are vulnerable or they have parents/guardians who are critical workers who cannot work from home and therefore need to be in school, to allow them to do their essential work.

We are, therefore, posting work for the children to do via ClassDojo daily, for all classes. We thought you might appreciate the attached policy and home user guide to help you and your son/daughter get the best out of this programme, such as knowing where the daily tasks are and how to upload work for the class teacher to assess. This programme also allows you to private message the class teacher if your son/daughter needs some additional help or support.

We will also continue to make welfare telephone calls every two weeks so, if you or your son/daughter need any help or support, please do not hesitate to contact us. We are here to help and, if we cannot help, we will be able to refer or signpost you, to someone or an organisation, that can.

I am afraid that I cannot, at present, give you any dates as to when the children will return to school. As soon as we are told that this can happen, we will ensure any measures necessary are put in place and any changes made, so that the children can return. I will communicate this with you at the earliest possible time.

We are very much missing having the children in school, but it is important we all follow the Government's advice, so that we can hopefully get rid of this virus and everyone can be safe and well.

Please stay safe and well.

Yours faithfully

Miss K Hayward
Executive Principal
