

MOGGERHANGER PRIMARY SCHOOL ACCESSIBILITY PLAN 2020 TO 2023

Introduction

The Equality Act 2010 came into force on 1st October 2010 and replaced all existing equality legislation, including the Disability Discrimination Act (DDA). The effect of the law is the same as the previous legislation, in that “schools cannot unlawfully discriminate against pupils because of their sex, race, disability, religion or belief and sexual orientation”.

Advice from the Department for Education (DfE) on the Equality Act 2010 explains that schools must have an accessibility plan to comply with the Act, just as they did under the DDA. Ultimately, as a school we must:

1. Carry out accessibility planning, removing barriers for disabled pupils. These are the same duties as previously existed under the DDA and have been replicated in the Equality Act 2010
2. Increase the extent to which disabled pupils can participate and achieve in the curriculum, including staff development where necessary
3. Improve the physical environment of schools to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
4. Improve the availability of accessible information to disabled pupils

We will also need to have regard to the necessity to provide adequate resources for implementing plans and must regularly review them. An accessibility plan may be a freestanding document but may also be published as part of another document such as the school development plan or SEND Information Report.

It is a requirement that the school’s accessibility plan is resourced, implemented, reviewed and revised as necessary. Attached is a set of action plans showing how the school will address the priorities identified in the plan.

The school will endeavour to meet the highest expectations of its pupils, parents and guardians, as well as make the community proud. It will seek to achieve the highest standards of teaching and learning, whilst enabling its young people to follow interests outside of the curriculum. Committed to comprehensive education, we are passionate about the outcomes for all pupils, irrespective of personal circumstance, and, indeed, with particular reference to personal circumstance.

Identification and Context

The school keeps a register of pupils with Educational Health Care Plans (formally statements of Special Educational Needs) and pupils requiring SEND support, in accordance with the 0-25 Code of Practice for SEND.

We follow a graduated approach to identifying SEND, providing appropriate provision, and then monitoring and reviewing progress. Through assessment and screening, we aim to identify learning difficulties, and through collaboration between individual teachers, subject departments and the SEND Department, put appropriate interventions in place, if necessary. The four areas specified in the SEND Code of Practice are:

- **Communication and interaction** (includes speech, language and communication needs (SLCN) and Autistic Spectrum Disorder (ASD))
- **Cognition and learning** (includes moderate learning difficulties (MLD); severe learning difficulties (SLD) and specific learning difficulties (SpLD) such as dyslexia, dyscalculia and dyspraxia)
- **Social, mental and emotional health**
- **Sensory and/or physical needs** (includes physical disability (PD), vision impairment (VI) and hearing impairment (HI))

In line with the Code of Practice (2014), a child has Special Educational Needs (SEND) if they have a learning difficulty or disability which calls for special educational provision to be made for him or her. A child has a learning difficulty or disability if he or she:

- Has significantly greater difficulty in learning than the majority of others of the same age, or
- Has a disability which prevents or hinders him or her from making use of educational facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions

The progress of these pupils is monitored at least half termly. Pupils with an Education Health Care Plan will continue to be monitored and evaluated annually through the annual review process, in addition to internal monitoring of progress, at least half termly.

High quality teaching, that is differentiated and personalised, will meet the individual needs of the majority of children and young people. However, some children and young people will need educational provision that is additional to or different from this: this is special educational provision under Section 21 of the Children and Families Act 2014.

Monitoring of Progress

We already maintain a profile of SEND pupils on the school's IT system, and use this to evaluate our strengths and weaknesses in addressing their need. Evaluation of progress will be based on:

- Attendance data
- Behaviour/reward data
- Academic tracking
- Ability to participate in the life of the school and uptake of this
- Ability to access special needs, such as medication

CPD will be linked into training needs as identified from audits of staff needs via Appraisals and lesson sampling, as well as in response to any updates.

The main priorities in the school's Accessibility Plan

- 1. Increasing the extent to which disabled pupils can participate in the school curriculum*
- 2. Ensuring maximum achievement*
- 3. Remove physical and institutional barriers*
- 4. Improve access to information*

Improving the physical environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services:

Since September 2020 the school was equipped for:

- disabled parking and access to the school
- Toilet/medical room for the disabled
- wheelchair access to some areas of the schools, including ramps
- appropriate classroom furniture

Our effectiveness in allowing pupils to access all aspects of the learning process is reflected in our school's values. Allied to this:

- pupils' needs are made known to staff via EHCPs
- help and advice is available from the SENCO/SEND staff.

Planning process

Input to the Accessibility Plan will be from the SENCO/outside agencies and the Executive Principal, who will be responsible for reviewing it annually and reporting back to the Governors.

Coordination

- The school will maintain a three year Accessibility Plan grid covering curriculum, physical and written accessibility
- Physical access to the school and the environment of the school is planned via the School's Develop plan
- The Senior Leadership Team and Governors will ensure that compliance is ongoing
- The school will work in partnership with the Local Authority in developing and implementing the Accessibility Plan.

Access to the Accessibility Plan

The plan will be available via:

- the school's website or in hard copy upon request.

The Accessibility Plan should be read in conjunction with the following school policies, strategies and documents:

- Behaviour Management policy
- Curriculum policy
- Critical Incident support plan
- Equal opportunities policy
- Health and Safety policy
- School prospectus
- School Improvement plan
- Special Educational Needs policy
- Staff Development policy

Accessibility Action Plan

Aim 1 To increase the extent to which disabled pupils can participate in the school curriculum.

Our key objective is to reduce and eliminate barriers to access to the curriculum and to ensure full participation in the school community for pupils, and prospective pupils, with a disability.

	Targets	Strategies	Timescale	Responsibilities	Success Criteria
SHORT TERM	To review all statutory policies to ensure that they reflect inclusive practice and procedure.	To comply with the Equality Act 2010	Ongoing	Executive Principal All subject leaders	All policies clearly reflect inclusive practice and procedure.
	To establish close liaison with parents	To ensure collaboration and sharing between school and families	Ongoing	Executive Principal All teachers	Clear collaborative working approach
	To establish close liaison with outside agencies for pupils with ongoing health needs.	To ensure collaboration between all key personnel	Ongoing	Executive Principal LSAs Outside agencies	Clear collaborative working approach
	To ensure full access to the curriculum for all children.	Full access to the curriculum: <ul style="list-style-type: none"> • A differentiated curriculum with alternatives offered • The use of levels/targets to assist in developing learning opportunities for pupils and also in assessing progress in different subjects • A range of support staff including trained LSAs • Multimedia activities to support most curriculum areas • Use of interactive ICT equipment – where possible 	Ongoing	Teachers	Advice taken and strategies evident in classroom practice.

	Targets	Strategies	Timescale	Responsibilities	Success Criteria
		<ul style="list-style-type: none"> Specific equipment sources from occupational therapy – where necessary. 			
MEDIUM TARGETS	To finely review attainment of all pupils with SEND	SENCO/Class teacher meetings/pupil progress Scrutiny of assessment system Regular liaison with parents	Termly	Class teachers SENCO	Progress made towards targets Provision mapping shows clear steps and progress made
	To monitor attainment of Able, G&T pupils	Policy and able G & T list to be updated Able G & T booster groups/activities Monitor able G & T list	Ongoing Annually	Executive Principal SENCO Class teachers	Able G & T children making proportionate progress. Achieving above average results
	To promote the involvement of disabled pupils in classroom discussions/activities To take account of variety of learning styles when teaching	Within the Curriculum, the school aims to provide full access to all aspects of the curriculum by providing (where appropriate): <ul style="list-style-type: none"> Wheelchair access Easy access to toilets for the disabled Training for relevant staff, including Makaton Giving alternatives to enable disabled pupils to participate successfully in lessons Creating positive images of disability within the school so that pupils grow into adults who have some understanding of the needs of disabled people 	Ongoing	Whole school approach	Variety of learning styles and multi-sensory activities evident in planning and in the classrooms. Ensuring that the needs of all disabled pupils, parents and staff are represented within the school.

	Targets	Strategies	Timescale	Responsibilities	Success Criteria
	To improve information being received	Look at alternative ways of providing information – e.g. audio versions for the visually impaired and improve signage	Annually	SENCO Executive Principal Teaching and learning and Achievement	All pupils are able to access all information in and outside lessons
LONG TERM	To evaluate and review the above short and long term targets annually	See above	Annually	SLT, Curriculum Leaders, Governors	All children making good progress
	To deliver findings to the Governing Body	Finance and Premises and Curriculum Governors meetings	SEND Governor/SENCO meetings	SENCO SLT/SEND Governor	Governors fully informed about SEND provision and progress

Aim 2: To improve the physical environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services

	Targets	Strategies	Timescale	Responsibilities	Success Criteria
SHORT TERM	Improve physical environment of school environment	The school will take account the needs of pupils, staff and visitors with physical difficulties and sensory impairments when planning and undertaking future improvements and refurbishments of the site and premises, such as improved access, lighting and colour schemes, and more accessible facilities and fittings.	Ongoing	SLT	Enabling needs to be met where possible.
	Ensure visually stimulating environment for all children	Colourful, lively displays in classrooms and inviting role play areas	Ongoing	Teaching and non-teaching staff	Lively and inviting environment maintained.
	Ensuring all with a disability are able to be involved.	<ul style="list-style-type: none"> • Create access plans for individual disabled children • Undertake confidential survey of staff and governors to ascertain access needs and make sure they are met in the school and meetings, etc. • Include questions in the confidential pupil information questionnaire about parents/guardians access needs and ensure they are met in all events 	With immediate effect, to be constantly reviewed	Teaching and non-teaching staff	Enabling needs to be met where possible.
	To ensure that the medical needs of all pupils are met fully within the capability of the school	To conduct parent interviews, liaise with external agencies, identifying training needs and establish individual protocols where needed.	With immediate effect to be constantly reviewed	Executive Principal Occupational health	
	Ensuring disabled parents have every opportunity to be involved	<ul style="list-style-type: none"> • Utilise parking spaces for disabled to drop off and collect children • Offer a telephone call to explain letters home for some parents who need this 	With immediate effect to be constantly reviewed	Whole school team With immediate effect to be constantly reviewed	To ensure that disabled parents are not discriminated against and are encouraged to take interest and be involved in their child's education.

- | | | | | | |
|--|--|--|--|--|--|
| | | <ul style="list-style-type: none">• Adopt a more proactive approach to identifying the access requirements of disabled parents | | | |
|--|--|--|--|--|--|

Aim 3: To improve the delivery of information to disabled pupils and parents

	Targets	Strategies	Timescale	Responsibilities	Success Criteria
SHORT TERM	To enable improved access to written information for pupils, parents and visitors	<ul style="list-style-type: none"> • Raising awareness of font size and page layouts will support pupils with visual impairments. • Auditing the school library to ensure the availability of large font and easy read texts will improve access • Auditing signage around the school to ensure that it is accessible to all is a valuable exercise. 	With immediate effect to be constantly reviewed	Whole school staff	Ensuring accurate and appropriate information sharing in order to cater for needs as they arise.
MEDIUM TERM	To review children's records ensuring school's awareness of any disabilities	<p>Information collected about new children.</p> <ul style="list-style-type: none"> • Records passed up to each class teacher • Annual reviews • Medical forms updated annually • Those with SEND have progress reviewed regularly 	Annually	SLT Office Staff	Each teacher/staff member aware of disabilities of children in their classes
